

Personality Development Cell 2018-19

The Personality Development Cell of MCM DAV College for Women, Chandigarh organized a Workshop on Design Thinking and Problem Solving, with Prof. Vijay Ghei from the School of Inspired Thinking, Gurgaon as Resource Person.

The Workshop was designed to introduce students to the upcoming concept of Design Thinking and to prepare them for the job market. Prof. Ghei elaborated on the significance of designing products and ideas according to the changing needs of the people and introduced the students to the concept of Human Centered Designing.

The Workshop attracted a large number of student participants who interacted with the resource person and discussed the theme in close relation to their need of channelizing their skills in a human centered manner.

The Principal of the college, Dr. NishaBhargava applauded the efforts of the Personality Development Cell in encouraging students to find their own individuality and potential and channeling it into creating a better future for themselves. She also appreciated the content of the workshop as a pertinent area that needs to be introduced to learners.

Captain Keating's Book Club & Aperture

The Cell also has a Discussion forum, "Aperture" that held weekly discussions on socially relevant issues. The "Captain Keating's Book and Movie Club" also met once a month to discuss selected books and movies.
