FEEDBACK COMMITTEE REPORT (2019-2020)

Students are the most important stakeholders of an educational institute. A true evaluation of their aspirations and need is a valuable task in enhancing the quality of the teaching learning process. A structured questionnaire is annually filled by all the stakeholders- students, parents, faculty, non-teaching staff and alumni. For the students, it consists of four sections comprising of 39 questions. The students are expected to give their response on a four point scale ranging from poor, good, very good and excellent. With the help of MIS committee of the college, feedback has been made a regular and integral part of MIS system. Frequent meetings of feedback committee with the Principal Dr Nisha Bhargava in the chair were held throughout the year. Feedback forms were analysed. Suggested changes and procedural actions were undertaken by the feedback committee keeping in view the recommendations coming from all the stakeholders. The online feedback is a vital step towards improvement of various aspects concerning college.
