## **FEEDBACK COMMITTEE REPORT (2018-19)**

The feedback is a vital tool that helps to improve the system. Feedback from stakeholders serves as an integral as well as desired component of the teaching learning process that paves way for continuous improvement in the quality of education. Since students are the most important stakeholders of an educational institution. A true evaluation of their aspirations and needs is a valuable task in enhancing the quality of the teaching learning process. For the session 2018-19 formal and informal meetings of the feedback committee were held with Principal Dr. Nisha Bhargava in the chair.

A well-structured questionnaire with the help of MIS Committee was prepared. It was put on the College Website in the month of April 2019 so that all the stakeholders could fill it before the dispersal of their classes. Analysis of the collected feedback forms was made and report was submitted. The issues and concerns of the students were communicated to various committees so that all their main concerns are taken care of.

With the help of IQAC Committee, online feedback was also taken from students, teachers and parents on curriculum. The feedback received is then analysed and shared with Madam Principal, IQAC Committee and faculty for discussions.
