Department Name: French Department, MCM DAV College for Women

Session: 2017-2018

Names of Programmes/Courses/ offered:

UG Add-on course

Faculty Publications/Awards/Achievements/Activities:

- In the November of 2017, the students of French department had the pleasure of being a part of a musical event, where artists from India and France collaborated for an evening of Indian classical music infused with the French music. Packed to the brim with an excited audience in the auditorium of Alliance Française, Chandigarh, the event was grand success.
- In the January of 2018, the departments for the add-on courses collaborated to organise an event on the college premise, called Mélange. Derived from the French word for ‘mixture’, Mélange was a wonderful blend of games, fun activities, good food and lots of chocolate! A painting competition was organised where everyone got to express their creativity and imagination. The students participated with great enthusiasm and the results were equally spell-binding. Stalls like the spin-wheel stall were a major attraction for the visitors wanting to try their lucks. The best part of all it, was, though, the stalls that sold handmade chocolate (along with a lot joy).
