From the Principal's Desk

Dear Students,

The previous year has been one of the most challenging ones for academia. As we continue to reel under multiple aftershocks of the pandemic, the academic world has realized the urgent need for restructuring traditional pedagogical tools and re-assessing time-worn teaching-learning methodologies, replacing them with more efficient and sturdier mediums. In the course of multiple lockdowns in the previous session, the institute gracefully rose to the call of the crisis and adopted some of the globally accepted mediums of online classroom education and also trained its faculty members in the effective use of the same.

Mehr Chand Mahajan DAV College for Women has always been one of the most sought after colleges for women in the country offering a unique blend of an ethical education founded on Vedic, Indian values alongside a state-of-the-art campus and a cosmopolitan approach. The college offers cutting-edge scientific, technological and cultural skills to the students in a progressive learning ambience. Students are trained in every sphere of life which is essential for the emergence of a character of substance. The faculty members and the various committees and clubs of the college work in tandem to create a holistic learning environment for the students and researchers. The college has accomplished countless worthy achievements in diverse fields of academics, sports, science, research and humanities over the years and figures proudly as an institution of eminence in North India.

The students and the teaching fraternity at MCM DAV College are sensitized towards the imperative global issues of climate change, ecological diversity, public health, poverty and illiteracy through frequent interaction with experts in the field. The college has a green and sustainable campus and all efforts are directed towards minimizing waste production and maximizing efficient output and energy production, so as to preserve the fragile, ecological balance of our planet.

Our students are trained to find sustainable solutions to the problems plaguing an over-populated and environmentally fragile planet while using science and technology in energy efficient ways. Mehr Chand Mahajan DAV College stands strongly committed to ensure that every young woman leads a happy, integrated and organic life as a responsible citizen. The college has accomplished countless laudable achievements over the years and has emerged as an institution of eminence, offering a unique blend of ethical and progressive education to its students. Whether it is conducting Swachhta drives or adopting villages, playing cricket for Team India or winning accolades at District Youth Parliaments; the young women of the College do it all with ease.

The College has always been a forerunner of avant-garde experiments in science, technology and its commitment towards preserving environmental, cultural and social sustainability has always been lauded. I feel blessed to share with you that during the period of the lockdown which was imposed by the Government of India, the faculty members of the college not only conducted regular, academic classes and disseminated online lessons to the students, but also exhibited an enterprising spirit by organizing various, co-curricular, creative workshops and webinars online for the students.

It is now, more than ever that education needs to have a strong ethical base, so that the educated youth not only work to find solutions to the problems plaguing an over-populated and environmentally fragile planet, but also work for sustainable solutions. Living with inclusivity and respect towards nature, alongside our sophisticated, scientific technology can only be harmonized if each one of us lives in ethically, righteous ways and Mehr Chand Mahajan DAV College stands strongly committed to the cause of sustainable living to ensure that every young woman leads an integrated and organic life as a responsible citizen.

The best way to predict your future is to create it. That's what my Political science teacher told me and I always keep it as a living inspiration for me. I cherish my student life at MCM DAV college for women, hostel life was the best memories ever made. By giving my best at MCM and performing well I got the opportunity to be selected for the internship Embassy of the Islamic Republic of Afghanistan In New Delhi India, where I practice all I had to learn about politics. Hard work pays off sleepless nights of exam warm summers during my 3 years of study in MCM I personally always chose to be in the hostel for all the facilities it has as the favorite

part for me was the evening snack by Kalu Bhaiya. With the motherly loves of our wardens and the care of our respectable Principal, I did not want to stay any other place than a hostel. Early morning Yoga Classes and gym times for keeping us fit we also had some special dinners plus all festivals wore well-celebrated DJ nights and my favorite Holi. Daily after my warm cup of milk attending my classes, I learned so much not only from the books but also from the experiences of my teachers I learned to be more disciplined, attentive, and have a vision for my future to make my decision and live it. experience of new culture a new life a new world from Afghanistan to India would have never been as beautiful as it has for me if not for MCM. If I had a chance to study again I would still choose to be 9360 in 4B.

MCM DAV is not just a college with reputation and prestige, It's simply the best. As a foreign student, learning and acquiring knowledge from an institution as MCM DAV is a privilege. The college infrastructure is fascinating from the entrance to the entire classrooms. Available sport, games, Athlete activities. Easy, comfortable with the best learning conditions. With dedication and hard work, everyone is a winner in MCM DAV. I love the family-like atmosphere that surrounds me. The college cares about its members.
