Regular feedback from the students is a valuable tool in enhancing the quality of the teaching-learning process. A true evaluation of the student's aspirations is an essential prerequisite for the growth of the institution. A structured questionnaire is created by the feedback committee under the guidance of the worthy principal Dr. Nisha Bhargava. With the help of the MIS committee of the college, feedback has been made a regular feature. For the session 2021-2022, the feedback committee conducted online feedback surveys from students (Student Satisfaction Survey), parents, faculty, and alumni. From the year 2021, a feedback form from graduating students named “Exit Survey” was also conducted online, to get an overview of the experience of the outgoing students. All the feedback forms were analyzed, and suggestions were discussed by the committee with Principal Dr. Nisha Bhargava in the chair and also in the meetings of IQAC so that action can be taken, and improvements can be made in the suggested areas. Details of feedback, it’s analysis and action taken is available on the following link:
