- **Lecture on Heart Diseases**

The medical committee in collaboration with Confederation of Indian Industries Council (CII) organized the first session of awareness under life-continuous health education programme on 'Heart Diseases'. Dr. Y.S.Sachdev from Sachdev clinic conducted the session on Sept., 1, 2016.

- Medical committee generated awareness on newly created facility of lifestyle counseling for girls having polycystic ovarian syndrome in PGIMER, Chandigarh by displaying the brochures at prominent places in the college and through digital media on 23rd Sept. 2016.

- Medical committee organized a lecture on dealing with teenage skin problems by Dr. Sheenam Sharma, Director, Dr Sheenam's skin care and laser clinic, Chandigarh on 6th Feb 2017. She emphasized on developing a skin care routine which was different for different skin types at different ages. The lecture was followed by valuable counseling for faculty as well as the students.
