***MCM is one of the best women's College. The teaching staff of the college is really good and all the teachers are really cooperative and will help if you need any sort of guidance. Besides academics the college provides you with many extra curricular activities too including several seminars and workshops.***

***MCM DAV COLLEGE FOR WOMEN is one of the finest college in chandigarh. The college has absolutely brilliant and cooperative teachers. Being a student of this college, i found it highly disciplined, safe and has cleanest and friendly environment. It provides us with ample of opportunities in terms of academic plus extra curriculum activities which helped us a lot in exploring our potential. Glad to be part of this institution.***

It's an amazing college to have quality education. I feel very grateful to Principal ma'am and college authorities for providing me wonderful and great learning opportunity in different areas. It made me realize that changes take place but in a slow process with consistent work. I also got a chance to work with Chandigarh Police and had learnt various skills from Cyber Swachhta Mission(intern) like teamwork, online Poster making, videos, spreading awareness, etc which will also help in my future projects.

What a team of talented, caring, strong, and intelligent leaders our college has. We are in exceptional hands. Thank you for all that you do, it is appreciated! Thank you for your patience and for creating an environment where we aren't only allowed to succeed but also to fail. For caring for the students and training them. For allowing us to question without judging and for having growth mindset with us. Students succeed when students feel the freedom to imagine and trust you give. I would like to thank all my mentors.

You all are a true god send 🧡

***I am literally falling short of words since this college has literally brought about wonderful things and the way it has been mentoring our young girls to make them strong and charming women with a tinge of boldness is truly commendable. Besides the conducive environment of our college, the faculty is super-amazing and the way they bolster and embolden young buds is laudable. The staff was always cooperative and offered their guidance whenever required. Have to say "I am immensely grateful" and "I couldn't have asked for more."***

### College Infrastructure

Talking about the infrastructure of the college, it's good enough to satisfy you. Labs are well developed. All necessary books are available in library. College campus is cleaned on regular basis. Food quality is good and affordable.

### Academics

I completed Bachelors in Microbial and Food Technology in the year 2021, the professors are highly qualified and very helpful. They train the students to face the industry confidently. The teachers were very supportive and guided the students well.

### Campus Life

This is the best college I have ever seen because the staff supports students in every activity and they encourage the students to participate in events and also they conduct webinars to create awareness about projects and workshops and the surroundings of my college give really a pleasant feel.

As a student i enjoyed a lot because i was trained with top class faculties and also made a lot of good memories there.

Beautiful Campus and excellent educators are the salient features of this institution. All the Professors in my experience impart education deftly with the best of their expression. They radiate a very contagious conduct. MCM DAV breathes women empowerment. To especially witness graceful, intelligent and successful (both young and experienced) female professors in person everyday, instils an irresistible spirit of ambition within.

I recently completed Bachelor of Arts (History honours) at MCM. One of the kindest, most disciplined institutions of higher education in the country. Besides emphasis on quality education, MCM equally promotes extra-curricular activities and regularly organises workshops, seminars and competitions for its students. Even during the sudden lockdown back in 2020, college had begun online classes and activities as early as April 2020 itself— seamlessly switching to online education, without compromising on the quality. Guided by an excellent faculty, 3 years at MCM have given me direction and focus to shape my career.

***Mcm Dav college for Women is one of the best colleges in Chandigarh. The college provides a wonderful learning environment for the students. I am currently pursuing BA and can say it through my experience that the faculty members are well experienced and motivate the students to achieve their goal. The infrastructure of the college is excellent with advanced equipments in every department. Various college level and inter college level activities are taken place regularly. Even in this tough time of Pandemic the college has left no stone unturned to impart quality education to the students. I am glad to be a part of such a prestigious college .***
