- Renewable energy committee of the college organized an educational visit of the faculty and students of science departments to Chandigarh Energy Park, Sarangpur on February 25, 2018. Internal exhibits at the energy park depicted various sources of energy and their conversion. Students also observed the solar panels and windmill installed in the park. They were made aware about the Jawaharlal Nehru National Solar Mission (JNNSM) which aims to promote the use of solar energy in our country.

- The committee facilitated the installation of roof top solar panels in the college campus. Out of the sanctioned capacity of 160 kWp, 125 kWp solar panels have already been installed and installation of 35 kWp solar panel is under process.
