

## Report of Canteen Committee (2022-23)

The members of canteen committee inspected the canteen, fruit shop, Nescafe and bakery House on 28 feb 2023. Various parameters like cleanliness of surroundings, food storage, food preparation, waste disposal and hygiene of the workers were assessed. As all the vendors were instructed to discontinue use of plastic containers for serving the cooked food in earlier inspection, it was observed that bio-degradable material like paper plates, wooden spoons, stirrers etc. are being used. To avoid increased over-head cost with reference to the non-renewable source of fuel, bio fuel is obtained from the bio gas plant. They were asked to replace the pet bottles of various drinks with glass bottles, tetra packs & cans which they promised to do within a week. A follow up will be done to check the implementation of the same.

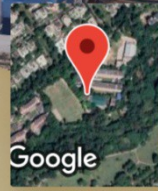

The workers at serving and preparation counter were wearing neat and clean head covers & aprons. The waste was being segregated into dry & wet disposal bins. It was also instructed that non-biodegradable items like empty milk packets, chips packets and bread wrappers should be disposed of separately. The cutlery not in use is stored properly cling wrapped in closed spaces. The washing Area was clean in Canteen after use. The receiving of raw vegetables was properly categorised according to their nature of storage. Expiry date and date of manufacturing of various packed products was also checked to avoid any out dated packages. The revised rate list was displayed and also a source of entertainment & recreation in form of Coke studio भारत installed for the students.
