Additional Comments

Enjoyed the webinar and learnt a lot.
It was very informative and interesting. Thank you so much
More practical demonstrations of various platforms to create and develop e- content
More tutorials on use of online teaching resources
Very informative sessions
Relevant and useful sessions, well organized also
Dr. Preeti hosted it excellently.
All three sessions were excellent... thanks for arranging such an informative session
Great experience
Really nice and informative, except few technical glitches...
A hands on workshop could have been included for the softwares suggested by Dr Neha Jindal for all participants. May be a one day or two day webinar may be conducted to get her as resource person for the same.
It was nicely conducted. Thank you.
Overall good
Very useful and Informative
Thank you. Best wishes!
It was very informative and useful.
Detailed webinar can be conducted on any of the particular e-teaching method.
Well managed and informative webinar.
Dr.Anu Dua Sehgal's presentation and PPT was informative and very engaging
Very innovative
Great work ethics.
These webinars are actually very informative and interesting during this challenging time
It was wonderful
Thank you to organiser, very interesting and useful webinar
Enriching experience
The webinar's topicality trumps every other thing. The need to know more and more about e-tools for teaching, communication and dissemination of information is the key to surviving this lockdown and make it fruitful! So, Thankyou for a run-through of handy and available resources online!
Thank you for such a useful webinar
Commendable Webinar

All the Resource persons provided very informative session that would definately help me out to bring more effectiveness in my e-teaching ways in future. Also i express my gratitude towards Principal mam and the organising team for providing such great learning opportunity. Hope for such more sessions/webinar in future.Thanks

Thank you for such a useful webinar

Quite appropriate as per the need of the time

Thank you for such a useful webinar

We can have another session on teaching us to develop e-content subject wise by experts - if possible. Secondly, now we need help of experts in technology who could turn our thoughts into reality like if i want to create a cross word puzzle - i want to learn How it can be done ?

Thanks for conducting
