

MEMORANDUM OF UNDERSTANDING
BETWEEN
Department of Food Science
MCM DAV College - 36 – an Academic Institution
and
Cremica Food Industries Ltd- an Industry

Department of Food Science, MCM DAV College and Cremica Food Industries Ltd agree to establish an Industry-Academic collaboration under this memorandum of understanding (MOU) for the purpose of enhancing Employability Skills of Microbial and Food Technology students, Educational excellence and Research, Collaborative experience, and for contribution to the social and economic development. An MOU is intended to be signed with following goals & objectives, keeping in view best interests of our students:

- **Participation of experts from the industry in course development** which will provide an opportunity to start need based academic programs. The industry shall provide relevant Industry experience in line with course curriculum of the students of Food Science department. This shall be done by way of taking some sessions with faculty and students, wherein lot of ideas can be exchanged and students can appreciate the practical aspect of their curriculum.
- **The Cremica Food industry will offer Summer/Winter training programs** to the selected students. Students will be immensely benefitted by gaining the practical experience & relating their curriculums in the environment of the industry. It will lead to their **Knowledge enhancement, Entrepreneurship & Skill development** which in turn will create employment generation.
- **Project/Dissertation** under joint guidance of the faculty and experts from the industry may be taken up. For students this will contribute a lot to their practical knowledge and enhance their professional skills.

- At the same time collaboration can benefit the industry by **Capability enhancement program**– Young students brimming with fresh ideas; working with them at a fraction of cost & contributing towards developing new processes or improving upon the existing ones.
- Dissemination of knowledge plays a critical role in knowledge-based growth of industry. **Consultancy** is an important and effective way for the Academic institutions to share its knowledge and expertise with the industry. The college will ensure involvement of faculty members in taking up consultancy services, testing support, product development and troubleshooting work for the industry.
- **Industrial visits** shall be organized for the students to enhance their knowledge & skills.
- MOU shall focus on **industry-academic exchange** which shall include invitations to industrial experts to teach on any specialized topic and organizing collaborative conferences/ workshops, and exhibitions/ competitions. This shall hone the creative skills of the students.
- **The interaction will provide detailed information** on various aspects such as marketing and funding opportunities, Financial planning, Human Resource Management, & incentives available from Government for supporting startups as well as experience sharing by entrepreneurs.
- Based upon requirements of the industry it may participate in **campus placements, Job Fest**, etc. in consultation with placement staff of *MCM DAV college*.

It will be a WIN – WIN situation for both College as well as the Industry. Our course shall be seen as more practical & job oriented; more & more companies shall show interest in our students; and Industry shall also have a pool of young talent which they can nurture & subsequently get benefitted from them

It is a statement of understanding and is not intended to create binding or legal obligations on either party. Either Party may terminate the MOU by giving written notice to the other Party one month in advance.

This MOU is signed subject to approval of the respective academic/administrative bodies.
