The campus mentoring program aims to provide academic guidance as well as personal support to all undergraduate and postgraduate students. The mentors act as guides, friends and role models for the students, and impart moral values which help students face life's challenges and become good citizens.

At the commencement of the session 2022-23, new students were assigned to the mentors in addition to the previous ones. The assignment of groups was executed in a meticulous manner after much thoughtful planning of matching the students with their teachers. The summary of all the mentorship groups of undergraduate and postgraduate classes during the session 2022-2023 is as follows:
